*Name:* \_\_\_\_\_

*Address:* \_\_\_\_\_

*Address:* \_\_\_\_\_

*City:* \_\_\_\_\_

*State:* \_\_\_\_\_

*Zip:* \_\_\_\_\_

*Telephone:* \_\_\_\_\_

*Email:* \_\_\_\_\_

## **Shipping Recommendations:**

**Before shipping your turbo for repair to Turbo Engineering Corp. Please be sure to drain all fluids out of the turbocharger. Then seal the turbocharger in a plastic bag, and place it in a well packed and sturdy box to protect the turbocharger while it is in transit to us.**

**Also, it's important to use a shipping provider that provides tracking information on your turbocharger. This will ensure that it gets to Turbo Engineering Corp safely and quickly.**

**Shipping your turbocharger without our repair form may delay your turbocharger getting quoted and repaired. Turbo Engineering Corp will not be responsible for a turbocharger without this form.**

**Please do not include any oil/coolant lines, gaskets, or hardware. Turbo Engineering Corp will not be responsible for returning these.**
